

099 § 3.3 #5 24, 28, 48, 54

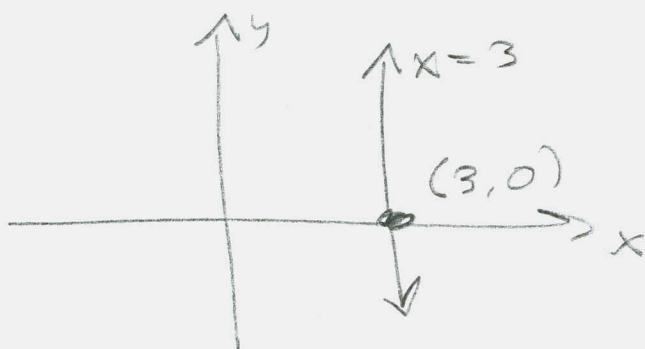

24

$$y = 5$$

28

$$x - 3 = 0 \rightarrow x = 3$$

All I really wanted here.

#5 35 - 60 Graph each linear equation

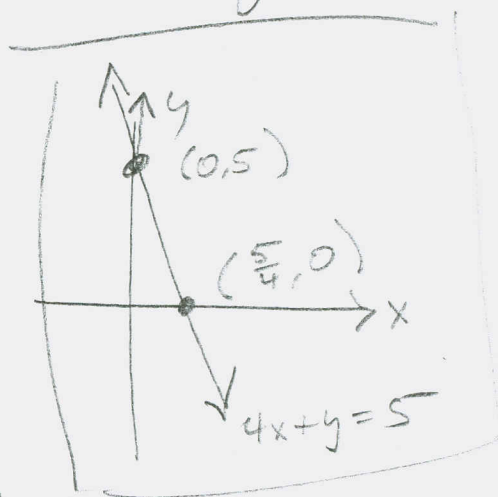

48

$$4x + y = 5$$

x	y
0	5
$\frac{5}{4}$	0

$$y = 5$$

$$4x = 5 \rightarrow x = \frac{5}{4}$$

54

$$f(x) = -x$$

x	y
0	0
1	-1

$$f(0) = 0$$

$$f(1) = -1$$
