**Written homework:**

Last day to turn in homework on a chapter is the class meeting after the test over that chapter.

Do not turn in homework on the day of a test. We've all got enough on our minds, those days.

Writing Project #1: 3 Ways of Solving a Quadratic Equation

**Writing Projects:**

Must be handed in by or before the end of class, on the due date. I like to time them so you get them back the class meeting before the test, to help you study.

**Tests:**

Worst test weighs half as much as any of the others. Makeups are VERY hard to come by. There are 5 days you MUST attend: TEST DAYS!
