

Section 1.3 notes: #s 20 - 23 are posted, but stupid teacher didn't make videos for 'em, yet. Teacher's been working on wiping out Chapter P:

Done: P.1 - P.3

In Progress: P.4

Test is a week from Friday. I'm planning a pre-test for Monday, for *formative* feedback, so you kind of know where you are.

Pre-Test Plan: Graded and returned by Wednesday.

Writing Project Plan: Solutions giveaway after turn-in. Scanned and returned on Wednesday, but I probably only have time to grade the pre-test.

Pre-Test "grade" is for muscle-building, only. That's what "formative assessment" means (to me).
