6.1	#s 7, 10, 14, 17, 25, 32, 35, 49	
#25 – You might want to use a grapher for <i>this</i> one! I will try to remember to not make a test question TOO darn hard, but YOU will need to remember that on the final test, you will NOT have a grapher available! You might want to practice a LOT of the graphs, to hone your skills.		
6.2	#s 3, 4, 5, 6, 27 – 31, 34, 50, 63	
6.3	#s 3, 6, 9, 12, 19, 37, 38, 43	
6.4	#s 2, 5, 8, 11, (13), 14, 17, 22, 30*	#30 is bonus
6.5	#s 2, 5, 9, 10, 13, 20, 23	#20 is puzzling, and worthy of some thought, but not graded.
