

Monday	Week	What we're doing this week:	Links
8/21/23	1	<p>On Day 1, I will show you where things are on https://www.webassign.net/ and https://harryzaims.com/ . It's all set up so you can find MY take on almost every exercise I've assigned you, so I'm <i>with</i> you, 24/7, in a sense.</p> <p>Traditionally, I give you the freestyle pep talk on the differential calculus, proving to you that the slope of $2x$ is 2, which you know, and the slope of x^2 is $2x$, which you likely don't.</p> <p>As time allows, I will work some of the dreary exercises in 1.1 and 1.2 that are meant to motivate the moves I make when I'm having fun with $2x$ and x^2.</p> <p>**** **** **** **** ****</p> <p>Do Sections 1.1, 1.2*, 1.3 Sections marked with * are 2-day sections. All others are 1-day sections. Each week we meet 4 times, but each week counts 5 lecture.</p>	WebAssign
8/28/23	2	<p style="text-align: center;">Last day to Drop is 8/25/23 Sec 1.4. 1.5*, 1.6*</p>	harryzaims.com
