

Sorry I don't have the old checklist format. Hard drive crashed and I can't find the form online. Maybe you can flip me one?

Test 1:

No graphing calculators or written materials.

Students have **2 hours to take the test**. I have at least one student with a disability accommodation. Have you been contacted? If it comes up, be kind, report what happened, and try to accommodate the student. I'm still getting my sea legs!!!
